

Ethics for Claims Adjusters:

A Workshop for Claims Professionals

Ethics for Claims Adjusters is a thought provoking course examining often encountered dilemmas and conflicts confronting claims professionals. Topics include:

- Moral Dilemmas v Ethical Dilemmas
- Fair Claim Laws
- Characteristics of Professions
- Codes of Ethics
- Tripartite Relationships
- Conflicts of Interest

Learn the process, responsibility and considerations in responding to dilemmas faced by claims professionals in today's environment. Also, this a great opportunity to network, share information and concerns with other workshop participants.

This course is open to all claims and repair professionals and has been approved for adjuster continuing education credit by the following states:
