

SEMINARS ON FRIDAY the 4th of May

Examinations Under Oath: A Vital Weapon - Adam Brand

This presentation will address one of the most powerful, yet often under-utilized, weapons available to insurers to investigate claims. The presentation will provide an overview of the scope and legal precedent for conducting Examinations Under Oath. Further, case studies will be used to demonstrate how the EUO process was found to be critical to investigating losses and reaching coverage determinations.

Rimkus - Don Moser & Christian Sax

The presentation will be on C & O of tractor trailers and other heavy equipment and related mechanical failures.
